Appendix

Resources

High-Performing Teams is a complete activity notebook designed to help new or newly formed teams develop a shared vision; set high-performance goals; establish norms; create an action plan and develop common expectations for students. Based on the new Middle Start Reform Model, *High-Performing Teams* provides step-by-step professional development activities to help teams coordinate curriculum, instruction, and assessment; promote the intellectual, social, emotional and physical needs of students; engage in decision-making regarding policies and practices; cultivate communication with families and communities; and flexibly group students to ensure access to rigorous curriculum for all.

High-Performing Teams also comes with a School Kit which includes four videotapes to facilitate learning of various strategies and processes to improve student learning and help teachers collaboratively plan and reflect. The School Kit also includes a CD with templates of forms to help team organize and record actions and decisions.

Call Michigan Schools in the Middle at **989-774-7678** to reserve a copy for each of your teachers and a School Kit for your building.

Purchase notebooks for your entire team and save:
1-10 Notebooks/**\$30.00*** each, or
